Mission Statement

Finex Group Collection's mission focuses on four principles. We are committed to providing excellent service with greater returns, at the lowest cost to our clients. By focusing on these principles, our team will ensure the end results of achieving "Client Satisfaction".

Quality We employ professionals in the collection industry. Our team is committed to providing quality service through knowledge based and customized training.

Compliance We comply fully with the collection industry operating and collection regulatory requirements, State and Federal. These requirements are included in all team training.

Customer Service We are committed to professional business practices when working with consumers and clients. We employ experienced, articulate, client focused collection personnel.

Technology We deploy technologies that empower our employees to perform to the highest professional standards. We offer a reliable and highly secure, redundant infrastructure.
